Ha same

I'll try to get some things centralized beforehand to make it easy

Jason Perman

03/03/2022 02:03:49 AM(UTC +0)

Also he told us to watch the flywheel video lol

Dean Tappen

03/03/2022 02:04:28 AM(UTC +0)

Yeah we don't need to see it

Jason Perman

03/03/2022 02:04:34 AM(UTC +0)

Literally sent us links to it and ExCo also

Jason Perman

03/03/2022 01:32:55 PM(UTC +0)

I watched half of of it. Made my brain explode

Dean Tappen

03/03/2022 02:01:15 PM(UTC +0)

That he makes it seem like it works or how much it currently breaks down and is not true

Jason Perman

03/03/2022 02:02:15 PM(UTC +0)

So I can't tell if he acrually believes it all or he's just naive

Jason Perman

03/03/2022 02:02:18 PM(UTC +0)

Either way it's bad

Jason Perman

03/03/2022 02:02:27 PM(UTC +0)

Or like he knows it's all BS but says it anyways

Dean Tappen

03/03/2022 02:03:25 PM(UTC +0)

That is the part I don't know and can't figure out

Dean Tappen

03/03/2022 02:03:32 PM(UTC +0)

I think it's the latter

Dean Tappen

03/03/2022 02:03:41 PM(UTC +0)

But then sometimes he gets it but then reverts back

Dean Tappen

03/03/2022 02:03:51 PM(UTC +0)

Almost like knows it might be true but doesn't wanna believe it

Jason Perman

Yea maybe that's probably the way to think about. If u watch that video and understand the truth / how things actually work he seems like a mad man

Dean Tappen

03/03/2022 08:37:02 PM(UTC +0)

our new plan is to wait for rate change and then close wyre and push them to app so that +100mm of BTC shows up after rates get lowered

Jason Perman

03/03/2022 09:52:20 PM(UTC +0)

for Wyre though arent we borrowing USDC unsecured from them?

Dean Tappen

03/03/2022 09:52:55 PM(UTC +0)

USDC, BTC, and ETH
